THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

When I talk to God I'm sure He listens. I'm too young to realize there is such a thing as a skeptic.

I admire the convictions of my Mother and Father. They have shown me by their example that they live what they believe.

Because I've learned to trust and depend on those who love me, I haven't any silly illusion of self-sufficiency. It makes sense to trust and depend on

I'm proud and happy that I'm a Christian—so I'm not afraid someone might laugh at me for believing the Truth.

But, of course, my faith is no accident. I'm in Church every Sunday to worship God. Religious training is a major part of my education. I'm one of the millions of Christian youngsters who are the hope of this frightened

And when I talk to God, I don't just talk to Him about ME. I talk to Him about YOU!

tles finally the question of whether it would increase the size of the House, and allow Pennsylvania and some other states an additional seat to which they are not entitled under the 1960 census

That means it is now time for Republicans and Democrats to get together on a plan for reducing the number of congressional districts in this state from 30 to 27. The alternative is the election of all the members of the state delegation "at large," from a list of party candidates submitted to each voter.

I wonder if on your tour of the store in search of sale items you saw the very excellent natural boarbristle hairbrushes specially priced at 1.98 in our Cosmetic department? And did you also see those four-cup brewmaster's in the Moss Rose pattern of china at 1.49 that can be plugged into the electrical outlet nearest your table or bed and will have four cups of water boiling for your beverage in a twinkling? These are really grand, and we sell them like mad to people who travel a great deal and wish to make a cup of instant coffee or tea in their motel room . . . Another value that impresses me is the Bristol glass boudoir lamp offered for under eight dollars in our electric shop. The charm of these is in the filigreed metal base which conceals a very cozy nite lite . . . It's also good to see our Keiller candies on sale once again. We stock them year 'round, of course, for they are just about the finest hard candy ever made, and stay fresh and delicious for ages, thanks to their individual wrappings. Our sweet-toothed customers buy them by the case at their regular price and are having a grand time stocking up now on all their favorite flavors.

Doris Hinton has a question of the 64.00 variety. and nobody but nobody could furnish an answer, I'm sure. "Why," she asks, "don't our customers gobble up every one of our sterling silver salt and pepper shakers and candlesticks at sale price when we sell them steadily all year 'round at 5.98?"

I don't honestly know, of course . . . except that maybe a woman with several dollars to spend right now would rather treat herself to some of Dory's gorgeous necklaces, pins, and earrings. Some of them, offered at 1.00 truly resembled the genuine gem-set gold article, and the early birds were lucky!

Our sale goes into its second week Monday, so be on the alert for new merchandise. Don't miss reading the ads or shopping every day. Treat yourself well! If you don't, who in heaven's name will?

DEATH-DEFYING-AND ILLEGAL-Anything over 15 miles an hour was called "furious driving" in the early days of the century. It was deathdefying, and also illegal. The pioneer motorists caught exceeding the speed limit in this scene from "Merrily We Roll Along" are Paul Fagan and Ruth Havemeyer. The story of America's love affair with the automobile, it will be the "Du Pont Show of the Week" on NBC-TV Sunday, Oct. 22. Groucho Marx narrates this NBC Special Projects production.
